The project is aimed at the institutionalization of the public debate on the issues of EU integration in MNG on the basis of partnership among the governmental, non-governmental, business and interest institutions (so-called sectoral Working Groups) as well as on building and strengthening MNG's capacities for EU negotiations. The project's expected result is strengthened and wider permanent open platform for public discourse on issues of the MNG-EU relations and other issues of crucial importance for the MNG society. It also aims to engage the general public into the process of national policies-making and the elaboration of standpoints of MNG in the field of EU integration agenda by establishing the sectoral EU communities on the basis of the Working Groups, transfer the Slovak political, economic and social transition know-how as well as to create an interactive and permanent information source on the EU for all segments of MNG society.
