The project is aimed at the institutionalization of the public debate on the issues of EU integration in Albania on the basis of partnership among the governmental, non-governmental, business and interest institutions (so-called sectoral Working Groups) as well as on building and strengthening Albania's capacities for EU integration process. The project's expected result is the establishment of the permanent open platform for public discourse on issues of the Albania-EU relations and other issues of crucial importance for Albanian society. It also aims to engage the general public into the process of national policies-making and the elaboration of standpoints of Albania in the field of EU integration agenda by establishing the sectoral EU communities on the basis of the Working Groups, transfer the Slovak political, economic and social transition know-how as well as to create an interactive and permanent information source on the EU for all segments of Albanian society.
