Description

The Agenda 2030 is bringing new trends in development cooperation and press to larger cooperation with the different stakeholders, as well as capacity building. The goal of this project is to increase the implementation, coordination capacities of the Slovak organizations, active in the field of development cooperation, humanitarian aid and global education and the institutional and professional capacities of their umbrella organization and to create space for new partnerships and experience sharing at the international level. The proposed Action has 2 specific goals. The first aims to deepen partnerships and cooperation between the actors of development cooperation, to strengthen their capacities and increase the synergies and effectiveness of their activities through better coordination and educational activities. This should be done through the activities focusing on capacity building, strengthening expertise and facilitation of working groups and more effective information sharing. Workshops, trainings on EU funding trends, support to the fundraising campaigns, facilitation the cooperation with the private sector and advocacy towards increasing the Slovak ODA, should support more diverse funding and increased ODA. The second specific goal aims to increase awareness about the Slovak development cooperation. Activities as preparing information leaflets, media outputs, policy papers and recommendations, promotion trough the website and social media will target 2 main groups – general public and policy related experts like members of the Slovak and EU parliament, members of the political parties, Policy Makers or media and will provide information on current topics and challenges of the Slovak development cooperation, including the Agenda 2030.
