Description

The main objective of this project is to contribute to building the capacities of Slovak youth. Thanks to one-year volunteer service in Angola, the volunteer will acquire many skills and abilities that will contribute to the person's volunteer growth, successful economic integration and active and responsible citizenship. The specific objectives are to contribute to building the informal skills of young people in Luanda, and to support local activities with street children. The volunteer will be responsible for the teaching of computer science at the place of the volunteer service and will be involved in regular activities with street children.
