Description

St. Elizabeth University of Health and Social sciences cooperates with the Center of the Oasis of the Chamber of Love and Mercy in Nairobi. The activities of the volunteer will focus on the activities of the Oasis Center of the Room of Love and Mercy. The Center has been operating in Nairobi since 2010. The Center specializes in working with the poor community in the slums and supporting street children and their basic needs. Performs both school and out-of-school activities for children. There are not enough experts and social workers in the area, so the project is also aimed at supporting local capacity building, as the volunteer will work in an international team and will be involved in the dissemination of knowledge and experience. The aim of the project is also to promote intercultural dialogue, strengthen solidarity and understanding among people and long-term partnerships between Nairobi organizations and communities. Volunteer stay will be part of preparation for work in development cooperation.
