Description

Project is focused on provision of complex assistance for establishment and functioning of small and medium enterprises of most prominent group of unemployed-young unemployed until 35 years of age and with 10% ratio of women within selected regions of Georgia, possessing potential for production of traditional arts and crafts, tourism and potential for agro/bio entrepreneurship. The aim of the project is to create functioning model of identification of target group- young unemployed with entrepreneurship potential and to support their employment and entrepreneurship. The expected output is the lowering of unemployment and dependency on social contributions. This model and approach will be developed in co-operation with the Social Service Agency (SSA), to which the Slovak and EU experiences will be transferred with the aim to ensure its capacity building in sustainable way. The first phase of project is devoted to complex processing of data with aim to develop systematic model of identification particular group of 30 young unemployed persons with 10% ratio of women, who do possess the business potential in the above mentioned 3 areas. For them will be in a second phase of the project established the Centre for entrepreneurship, providing for them elaboration of business plans in three selected areas, as well as the trainings on certification and grant schemes of Georgia and the EU. This Centre in co-operation with Slovak-Georgian Chamber of Commerce with the seat in Tbilisi, will assist them also in market research, networking and in placement on the market. These activities will provide also for awareness raising on actual issues and for future and sustainable activities of SSA, Slovak-Georgian Chamber of Commerce and other actors. This is stemming from 2,5 years long co-operation in between the project partners from Slovakia and Georgia and from strategic documents of both countries.
