Description

It is a modernization of the computer room of the only school of its kind in Ukraine, it provides education in the Slovak language. From the microgrant's resources, the school plans to purchase 15 desktop computers and 15 LCD monitors, keyboards, mice, network components (cables, sockets, switches), an interactive whiteboard and projector, and the installation of a computer network and other software. From the resources of the microgrant, the school also plans to equip one classroom for the second stage of primary school (notebook + projector) with multimedia technology.
