| Start of Commitment | 2021-06-29 |
| End of Commitment | 2022-08-31 |
| Currency | EUR |
| Status | OECD approved |

Description

The main goal of the project is to support the development of competencies of Slovak teachers in the integration of global development education (GDE) into educational processes. Through long-term project activities, we will support teachers in building their competencies to integrate topics such as migration, climate change, gender equality and many more into their teaching, so that they are a natural part of their teaching and normalize these GDE topics as a normal part of our daily lives.
